Dear Terri:

Thank you so much for agreeing to address our class at our Marketplace Day for our Leadership Green Bay program on Tuesday, March 13, 2007 at the Lambeau Field Atrium. We appreciate your taking time out of your busy schedule to ensure that our program retains its high standard of excellence.

Once again the class on their evaluations rated the day very highly. Your presentation always makes the light bulbs go off when people consider working relationships with those of another generation. You do a terrific job Terri and I do appreciate your involvement with our program.

Your support of the Leadership Program allows us to continue learning and growing together as a community.

Sincerely,

Jeanne Agnessons, Program Manager
Leadership Green Bay
